

NON-REBATED SALES TRACING PROGRAM

DATA AGGREGATION

NDC consolidates data from 220 independent distributors that supply tracing and rebate request data on a monthly basis, including some of the largest medical and dental distributors in the country.

Distributors supply full sales tracing data for NDC sourced product.

NDC consolidates and deidentifies data to manufacturer specifications and sends.

Manufacturers use data to optimize inventory, production and sales effectiveness.

More than 40% of the non-acute healthcare market is served by independent medical and dental distributors.
